

YONDA WETSUIT RENTAL - TERMS & CONDITIONS

YOUR OBLIGATIONS:

- You shall take proper care of the wetsuit and maintain the wetsuit in good working condition and repair.
- You shall operate and use the wetsuit only for the purposes for which it was designed and in accordance with the instructions for use which we will provide with the wetsuit.
- The wetsuit shall not be altered, modified, adjusted, defaced or repaired by you or by another during your Hire Period. Doing so will render you liable for the full replacement cost of the Item.
- You agree that you shall return the wetsuit in a clean and tidy condition and agree that you shall refer to and comply with the washing instructions provided with the wetsuit. Where the wetsuit is returned and still needs to be cleaned by us, a cleaning fee of £15 shall be charged to you per wetsuit
- You agree that you shall return the wetsuit to us in the same condition as it was when you received it. You are responsible for loss, destruction or damage to the wetsuit due to theft, mysterious disappearance, fire, major stains, or any other cause, other than normal wear and tear. Normal wear and tear covers minor rips, or other minor damage. If you return a wetsuit that is damaged beyond normal wear and tear (determined at our discretion), then you agree to pay the fee for repairing or replacing the wetsuit, up to the replacement value for the wetsuit.

FITTING AND CARE OF THE WETSUIT

Wetsuits need to be handled gently especially when putting on for the first time. Put it on slowly - it could take 15-20 minutes so don't be in a rush! The wetsuit will feel very tight the first time - this is good, and will mean the wetsuit will provide a snug fit in the water.

Here is a guide on how to put your wetsuit on properly:

<https://yondasports.com/a-how-to-guide-to-wetsuit-fitting-fast-removal-care-repair/>

After you have used your wetsuit, rinse with fresh water (cold or lukewarm) and remove any dirt when the wetsuit is still wet. Let your wetsuit dry naturally out of direct sunlight and away from too much heat (e.g. a radiator). Store your wetsuit in a dry place - either hang over a hanger or fold as shown in this video to prevent too many creases forming:
